

Receives DECA honor

JOSIE PHILLIPS

Park Hill High School student Josie Phillips will serve as Missouri DECA's vice president of community service for the 2018-2019 school year. Phillips won her election, which involved students voting, combined with her ranking for her written exam, interview and speech. DECA is a vocational student organization for all students enrolled in a marketing class. Students learn about leadership, civics and vocational understanding, and they have the opportunity to compete in all areas of marketing. Matt Magnuson is the DECA Advisor at Park Hill High School.
